ME

“ My memories of Aunt Ann are from more recent times. I could now appreciate her blunt and honest answers. I enjoyed hearing stories about when the Procito's were young and about the jobs she had. She was a kind and giving to us. How amazing she got to live so long. Almost every time I saw her just for fun I would ask what she thought about the Eagles this year? Same answer all the time the Eagles suck. That is one of my favorites. She was loved and will be missed.
