“ My dear Ashley. I'm so grateful for all the fun memories I have of you over the years. I am especially grateful for the time I got to spend with you just two weeks ago. You looked wonderful and your hugs was warm and loving as ever. Now you will spend time with other loved ones in the arms of the angels and hopefully see my son, Bill, whom you spent a lot of time with in your single digit late single digit years. God bless sweetheart you will be very missed.
