“ *Celeste and I were classmates at Cardinal O'hara High School; I believe we met in French class. I was already in a relationship when we met, so I never pursued a relationship with her outside of school. We did hang out one night at a party during senior week at Wildwood, but we both behaved. I saw her a time or two when she worked at the Granite Run Mall when we were still in high school. A few years ago, I somehow found her on facebook. We messaged each other and had a phone conversation or two. She mentioned that she had some gastrointestinal issues and was not really up for getting together. I had not been in touch with her for probably a couple years now. I am not on facebook very often; I just poked around today and saw the news that Celeste had passed. It made me cry. I knew her enough to know that she was a kind and beautiful person.*

“ *Celeste was a friend in High School. A few years after graduation, we shared that friendship again but then lost touch. I located her again online while gathering Class of '78 classmates for our class page and chatting online rekindled our friendship. She was still that caring and giving person she was in school. She will be missed but I know she is no longer suffering, and she is now reunited with Jack and Charlie. Rest easy, Celeste, and thank you for your friendship.*

“ *I was so sorry to read of her passing. I certainly remember her as a little girl playing in the back yard. She was so sweet. My sympathy to John and Reene.*

“ Celeste and I had many wonderful times, especially July 4th, Christmas, Thanksgiving, New Year's Eve. We also loved Ocean City in New Jersey, an annual event. I will miss you Celeste!
