“ *Frances and I worked together years ago. The Frances I knew then approached life and work with humor, intelligence and honesty. She was demanding and loyal and could be kind and considerate. Frances had tons of integrity. She was impressive and I'm glad I got to know her. I've no doubt Frances made a good mom and I imagine she took fierce pride in her family. My condolences to all.*

“ *My condolences to the family of Frances Delmar; May the God of comfort grant you peace at this sad time. In the Bible at Ecclesiastes 7:1 It says a Good name is better than Good oil, and the day of death is better than the day of birth. We can really see that Frances did a lot to be remembered by others . She is in My prayers and thoughts.*

“ Frances helped me establish the accuracy of my play. *FROM OUT THE FIERY FURNACE*, for the outreach Program at Hopewell . In the process she unfurled her humor and intelligence and became a friend to myself, my husband, and those that worked in the outreach Program. We loved her dearly and will miss her in every performance we do.....and inbetween.

“ Francis left a legacy for others well beyond those of us who knew her as a colleague and friend, as a result of her work in the Hopewell Big Woods and at the Hopewell Furnace National Historic Site. Her breadth of understanding and her devotion to ensuring the historical aspects and stories of Hopewell were accurately expressed and shared with many others, will live on. My deepest sympathy for her children/family and may they be comforted and supported in this time of grieving.
