“ *I am heartbroken to hear of the passing of my friend “Janny”! We were playmates and neighbors from a young age and great friends through high school! She always had a smile on her face and was so much fun to be with. We lost contact after she went to California, but we saw each other on our childhood street the day of her sister, Lorraine’s wedding! I’ll cherish that last meeting ❤️ my deep condolences to the entire family!*

“ Her light and spirit lifted all those she touched. It's is and always was a force to be reckoned with in a beautiful way! What a sense of humor and awesome awareness of things. She is now so alive in my memory and I know she's with all her family past and present because she's unforgettable. A gift from God to the world! So privileged to have been her friend! I'm sad and grateful!

“ Girlfriend, My God I am going to miss you! You will be forever on my mind and forever in my heart. Our road trips, the many spontaneous ‘I was just thinking of you, too’ phone calls, our love in the same movies, the AC trips to concerts & the all-day pass to ride the tram are all memories I will forever hold dear to me. When I get down thinking of you not being here with me anymore, I will picture you dancing in the sky and singing in the choir. Okay, singing in the choir is a stretch. Lol. My heart is filled with the love we shared for each other. The memories we share will get me through those hard days, which I expect will be many. 💔. I love you and I miss you so much already. The hardest thing I have ever had to say is RIP, my friend.
