“ Kevin worked in the Power Engineering group that I managed at Unisys Corporation. Sadly, I did not know of his passing.

*He was a fantastic Electronic Technician and always did a great job while working in the Power Development Lab.*

*Kevin will be greatly missed by all those that had the pleasure of working with him.*

*I will try and get the word out to some of his former work colleagues.*

*Joe Fell,  
Former Group Manager, Power Solutions Engineering  
Unisys Corporation  
Tredyffrin, PA*

“ A good friend for a long time. Thick and thin. Many "adventures".  
RIP Scanz.

“ Many, many memories with Kevin. He was truly one of a kind. He loved his animals. When his dog Freja had her very first litter, he allowed each of our boys , one at a time, to come and watch a puppy being born. He spent many holidays with our family, (because God forbid he leave Wagontown :-). He shared many of his family memories, telling us about his Dad, Brothers, Sisters-in-Law, and Neices and Nephews. He bought a go cart and would let our boys and the neighborhood kids ride around his property. I don't know who had more fun- the kids or Kevin watching them go around and around. He enjoyed sitting up on his back porch listening to sometimes too loud music, but that was o.k. We're gonna miss him, but we are grateful that he is at peace.. Our heartfelt condolences to his family.- Cathy , Mike, Michael, Anthony, and Thomas Pannulla.
