“ *Larry started working for me about 10 years ago and quickly became a great friend. We had some common interests but I saw someone who cared about our relationship. Larry took pride in his work and it showed every time. I will miss him and he will always be on my mind. RIP MY FRIEND!*

“ *Beautiful Celebration Family. The one attribute Larry taught was how to never leave a friend left out and to embrace one in the most agreeable, kind and special way no matter what!!! I will take this unique character trait of Larry's moving forward to do my best to emulate in his and God's eyes. 🙏*

“ I’ll never forget meeting Larry 30 yrs ago when he was our UPS driver for our Shop. He always dropped off packages during the day and had a late delivery while we were open one night. The expression on his face when he discovered we were a full blown gun shop! He was like a kid on Christmas Day! Then the time when he and his family found me waitressing at Maggianos! They continued coming back and I loved getting to know his family and friends! I enjoyed being included in his radio station winnings and going to different venues and events with him. Thank you for always thinking of me, your generosity and especially Thank you for your years of friendship. You were always a decent, kind, genuine good guy and you will be missed. RIP Dear Larry and I hope you’re riding across the Heavens keeping watch over your family. You will be sorely missed my friend. 💕💕
