Wow this is truly shocking! It really broadened my perspective on the current state of modern society, and our fragile mortality as humans on this planet. I do wish you come across great prosperity in the very near future, and find a place of true happiness. May Jesus show us the light, so that we may find our way out of the darkness and into the safety of the light.

“ *Mr. Manning, Mrs. Manning and Tommy - You guys were like a second family to me, and I loved Pat like a brother. He was my best friend and one of the most selfless people I've ever known; was always thinking of others before himself. Laura and John, I know that you know this, but Pat loved you guys so much. He was always so proud of both of you in everything that you did at work, school, karate, and anything else. Kat, Declyn and I are thinking about all of you.*
