“ *Uncle Kelly was definitely one of a kind!! When he had an interest in something or took on a new hobby, he did it 100%. From his 50 fish tanks in the basement to his Gorgeous car collection that would make any teenage boy jealous. 🤔🤔. He has given me so many good memories. I will miss him.!!!*

“ *As people walk in and out of our lives, there are those who leave footprints in our hearts. Kelly is one of those people. Kelly's kindness and affection toward the Lenghel family and my parents (Phil and Reds) will always be remembered!*

“ *We are so sorry to learn of the passing of Mr. Kelly. He was an all around nice guy. We fondly remember when he would come to our auto body repair shop as "Kelly's Kolumns". May your fond memories bring you comfort and strength. We will keep your entire family in our prayers. Rest in Peace, Mr. Kelly. Ron and Ellen Wise*

“ *My grandfather was MY BEST FRIEND. We did everything together weather it was fishing, going on car rides in your muscle cars or even going to car shows. He was a genuine kind-hearted man who cared for everyone. He would give his shirt off his back for anyone regardless if he knew you are not. His main goal each and everyday was to make sure everyone around him was happy.*

*My grandfather taught me so many life lessons growing up. Even if I did something wrong, he was always there to support me and never gave up. He helped sculpture the man I am today and always lifted me up when I was down.*

*My grandfather was unique, unlike any other grandfather. He was known for his artistic traits. If he couldn't buy it he would make it. Everyone who knew him knew about his Carp-a-matic, his beautiful stain glass and his beautiful personality.*

*Until we meet again Pop, I love you with all my heart. I was always an angel in your eyes and now you are an angle in mine. Please continue to look over me and mold me like you always have. I will continue your legacy, I will tell my friends, family and kids about you, I will tell them the stories you have told me, what you have told me and more.*

*I love you Pop-pop, I know you will always be here!*
